

## HTE electronic hand dryer

### That's how work evaporates.

---

The HTE electronic is a hand dryer which is a real hit, not least because of its extraordinarily quiet operation. An intelligent IR proximity sensor switches the unit ON, when you hold your hands 6 to 12 cm below the air outlet, and OFF again when you remove your hands. The robust casing protects the delicate technical interior against damage. Its design also prevents objects, such as cigarette butts, from being deposited on the casing.

#### The most important features

Hygienic and energy efficient through IR proximity electronics

Low costs

Maintenance free, reliable operation

Easy installation

HTE 4 with casing made from impact-resistant plastic

HTE 4 in alpine white

HTE 5 with a diecast aluminium casing

HTE 5 in signal white

Type		
Type	HTE 4	HTE 5
Part no.	073007	073008
Rated output	1800 W	1800 W
Height	250 mm	266 mm
Width	238 mm	257 mm
Depth	230 mm	230 mm
Specification		
Power supply	1/N ~ 220-240 V	1/N ~ 220-240 V
Frequency	50/- Hz	50/- Hz
Rated voltage	230 V	~230 V
Rated current	7,80 A	7,80 A
Weight	2,50 kg	4 kg
Colour	white	white
Casing material	Plastic	Diecast aluminium
Air velocity	12 m/s	12 m/s
Air flow rate	146 m <sup>3</sup> /h	146 m <sup>3</sup> /h
Operating noise	54 dB(A)	54 dB(A)
IP-Rating	IP23	IP23
Protection class	II	II
